Footnotes
June 30, 2018

- 1 **Company Information.** Oregon's Health CO-OP ("OHC") was a Consumer Operated and Oriented Plan ("Co-Op") domiciled in Oregon and placed in liquidation on March 2, 2017.
- 2 **Basis of Presentation.** The accompanying financial statements have been prepared on a modified cash basis of accounting using a fiscal year of January 1, 2017 through March 2, 2017 as the pre-liquidation period. The assets are stated at their estimated realizable values, while the liabilities are stated at their gross filed amounts and are periodically adjusted as evaluated, adjudicated and/or paid. Private reinsurance receivables were only posted when billed to reinsurers. Federal Reinsurance was based on finalized 2016 EDGE Server results and the State Reinsurance was recorded on claims paid amounts for qualified OTRP members. In addition, the statements do not provide accruals for all future administrative expenses to liquidate the company or costs to pursue or litigate claims against others.
- 3 **Unaudited.** The accompanying financial statements have not been audited by an independent certified public accountant and no opinion is expressed on their compliance with generally accepted accounting principles.
- 4 **Cash and Cash Equivalent.** The cash and cash equivalent of the company are held in an the operating account at US Bank. Additionally there are special reserve funds held at the State of Oregon Treasury.
- 5 **Risk Corridor Receivable and Reserve.** These accounts represent funds due to OHC under the 2014, 2015 and 2016 ACA Risk Corridor program. OHC finalized the 2016 Risk Corridor calculation on July 31, 2017, which resulted in an additional \$10.6 million receivable from CMS being recorded in the July, 2017 financial statements. During subsequent months, CMS sent OHC a notice of offset, which netted all other receivable types, except the risk corridor, against amounts owed by OHC, therefore a reserve has been established for the Risk Corridor since it is not certain when or if it will be collected.
- 6 **CSR Receivables.** This receivable represents additional Cost Share Reduction (CSR) funds due from CMS for 2016 qualifying CSR plan expenses incurred. The receivable was adjusted during the 2016 CSR reconciliation process which was completed by Infogix.
- 7 **Amounts Recoverable from Reinsurers.** This receivable represented funds due to OHC for amounts due from CMS for 2015 and 2016 federal reinsurance in the amount of \$2 million. The previous balance of \$50 thousand for the state's transitional reinsurance program was received during July, 2017, and amounts due from private reinsurer of \$53 thousand was written off during July, 2017.

- 10 **Fixed Assets.** Estimated value of personal property such as office furniture and equipment.
- 11 **Prepaid Expenses.** Estimated value of prepaid vendor costs. Prepaid costs are related to the OHC's Broker and Member website portals through OnLine Insight were written off during April, 2017 in the amount of \$86 thousand. OHC was required to pay for a full year of the Online Insight service in order to provide the service and there was no lower cost alternative.
- 12 **Other Assets.** Estimated value remaining of 2015 individual risk adjustment due from CMS and amounts due from office sharing with Zoom Health Plan, Inc. Provider refunds have not been received to date, and were written off as uncollectible during May 2018.
- 13 **Administrative Claims (Class 1).** Unless otherwise noted, the Liquidation Statement of Assets, Liabilities & Surplus contains liquidation claim liabilities by priority class pursuant to Oregon Statutes, and are reported as gross filed amounts. The Administrative Claims liability represent receivership costs, including legal fees, needed to administer the delinquency proceedings of OHC. The POC forms have not been evaluated for this class.
- 17 **State & Local Government Claims (Class 5).** State & Local Government Claims relate to net ACA state exchange fees, premium assessment fees and county personal property taxes. Additionally, the excess or (deficiency) does not take into consideration any estimates for future administrative costs to liquidate the company or costs to pursue or litigate claims against others.
